RE: Class 2 Permit Modification Request
AK Steel Corporation, Kansas City, Missouri
EPA ID# MOD007118029

Dear Mr. Gallo:

The Missouri Department of Natural Resources (Department) hereby approves AK Steel Corporation's (AK Steel) Class 2 Permit Modification request, received February 27, 2015, without changes. The request was to update the facility's point-of-contact and extend the post-closure care period. In AK Steel's Missouri Hazardous Waste Management Facility Part I Permit, dated February 16, 1994, the post-closure period was scheduled to end September 10, 2014. The post-closure care period will be extended until the final remedy for the facility is selected, documented in a Statement of Basis, and the long-term management requirements for the landfill are established in an Environmental Covenant, or other appropriate means. Our decision is based on a thorough technical review of the modification request and applicable federal and state laws and regulations.

AK Steel conducted the public participation activities for the Class 2 Permit Modification request, as required by Code of State Regulations 10 CSR 25-7.270(2)(D), which incorporates Code of Federal Regulations 40 CFR 270.42(b). The 60-day public comment period began February 27, 2015, and ended June 5, 2015. The public comment period was extended in order to hold a public meeting, which AK Steel held May 21, 2015. The Department did not receive any comments on the modification request during the public comment period.

The Department conducted the public participation activities for the final Class 2 Permit Modification, as required in 10 CSR 25-7.270(2)(D), which incorporates 40 CFR 270.42(f)(1). The Department mailed a notification letter to everyone on the facility mailing list and the appropriate units of state and local government. We also posted the final Class 2 Permit Modification on the Department's website at www.dnr.mo.gov/env/hwp/permits/notices.htm. Supporting documents are not available on the Department's website due to their size. The notification letter is included with this letter.

The approved Class 2 Permit Modification is effective immediately. Please be aware that any parties adversely affected or aggrieved by the Department's decision to approve the Class 2 Permit Modification may be entitled to pursue an appeal before the Administrative Hearing Commission, according to 10 CSR 25-7.270(2)(D), which incorporates 40 CFR 270.42(f)(2). The petition must be filed with the Administrative Hearing Commission by July 22, 2015, according to the procedures outlined in 10 CSR 25-2.020 and Missouri Revised Statutes, Sections 260.395.11 and 621.250, RSMo. If the petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed. If it is sent by any other method, it will be deemed filed on the date it is received by the Administrative Hearing Commission. Appeals must be sent to the Administrative Hearing Commission, Truman State Office Building, Room 640, 301 West High Street, P.O. Box 1557, Jefferson City, MO 65102, or by fax to (573) 751-5018. The Department also asks that a copy of the petition be provided to Mr. David J. Lamb, Director, Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, or by fax to (573) 751-7869.

If you have questions regarding this letter or the enclosed documents, please contact Christine Kump-Mitchell, P.E., of my staff at the Missouri Department of Natural Resources, 7545 South Lindbergh Boulevard, Suite 210, St. Louis, MO 63125-4839, by telephone at (314) 416-2464 or 1-800-361-4827, or by e-mail at christine.kump@dnr.mo.gov. Thank you.

Sincerely,

HAZARDOUS WASTE PROGRAM
