RE: Class 1 Permit Modification Without Prior Director's Approval  
Replace Recovery Well LSR-8 with LSR-8R  
International Paper Company, Joplin, Missouri  
EPA ID# MOD007129935

Dear Mr. Jones:

The Missouri Department of Natural Resources (Department) received International Paper Company's (IPCO) Class 1 Permit Modification notice, dated November 14, 2014. The notification was to replace the damaged recovery well LSR-8 with a functionally equivalent well LSR-8R.

The Department agrees with IPCO that this is a Class 1 Permit Modification not requiring prior director approval according to Code of State Regulations [10 CSR 25-7.270(1)], incorporating Code of Federal Regulations [40 CFR 270.42, Appendix I, C.1.b]. As outlined in 10 CSR 25-7.270(1), which incorporates 40 CFR 270.42(a)(1)(ii), IPCO must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect. IPCO must send a copy of the notice to the Department.
