RE: Class 1 Permit Modification Without Prior Director's Approval – Emergency
Coordinator Update, BASF Corporation, Hannibal, Missouri, EPA ID# MOD050226075

Dear Mr. Gardner:

The Missouri Department of Natural Resources (Department) received BASF Corporation's (BASF) Class 1 Permit Modification notice, dated March 25, 2011. The notification was to update the emergency coordinator in the contingency plan.

The Department agrees with BASF that this is a Class 1 Permit Modification not requiring prior director approval. BASF must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, as outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii), incorporated by reference in Code of State Regulations 10 CSR 25-7.270(1). BASF must send a copy of the notice to the Department.

If you need assistance or have questions regarding this letter, please contact Mr. Mike Dandurand, Environmental Engineer, of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, by telephone at (573) 751-3553 or 1-800-361-4827, or by e-mail at mike.dandurand@dnr.mo.gov. Thank you.

Sincerely,

HAZARDOUS WASTE PROGRAM
