RE: Approval of Class 1 Permit Modification with Prior Director's Approval
Green America Recycling, LLC/Continental Cement Company, LLC (GAR)
Hannibal, Missouri,
EPA ID# MOD054018288

Dear Ms. Mayfield:

The Missouri Department of Natural Resources (Department) hereby approves Green America Recycling, LLC/Continental Cement Company, LLC (GAR)'s Class 1 Permit Modification request, received June 6, 2016. The request was to modify the design of Feed Prep #1 to include a feed conveying system to fill the mobile unit to send feed to the Feed Barn. GAR will also erect a wall between this Filling Feed Station and the entry and exit doors to provide a safe walkway for personnel. These modifications do not alter GAR's treatment or storage capacities.

The Department agrees with GAR that this is a Class 1 Permit Modification requiring prior Director approval, according to Code of State Regulations 10 CSR 25-7.270(1), which incorporates Code of Federal Regulations 40 CFR 270.42, Appendix I, (d)(2)(i).

GAR must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the date of this letter, according to 10 CSR 25-7.270(1), which incorporates 40 CFR 270.42(a)(1)(ii). GAR must send a copy of the notice to the Department.
