RE: Class 1 Permit Modification Without Prior Director's Approval
Bayer CropScience, Kansas City, Missouri
EPA ID# MOD056389828

Dear Mr. Rocha:

The Missouri Department of Natural Resources (Department) received Bayer CropScience's (Bayer) Class 1 Permit Modification notice, dated June 17, 2016. The notification was to update the facility's contingency plan to reflect the new backup emergency response coordinator, Mr. Joseph Barbosa.

The Department agrees with Bayer that this is a Class 1 Permit Modification not requiring prior director approval, according to Code of State Regulations 10 CSR 25-7.270(1), which incorporates Code of Federal Regulations 40 CFR 270.42, Appendix I, B.6.d. Bayer must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the change was put into effect, according to 10 CSR 25-7.270(1), which incorporates 40 CFR 270.42(a)(1)(ii). Bayer must also update the contingency plans held by local police, fire, hospitals, and State and local emergency response teams. Bayer must send a copy of the notice to the Department.

If you have questions regarding this letter, please contact Ms. Amanda Coffey, Project Manager, of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, by telephone at (573) 751-3553 or 1-800-361-4827, or by e-mail at amanda.coffey@dnr.mo.gov. Thank you.

Sincerely,

HAZARDOUS WASTE PROGRAM
