RE: Class 1 Permit Modification with Prior Director's Approval  
Buick Resource Recycling Facility, Boss, Missouri  
EPA ID# MOD059200089

Dear Mr. Lanzafame:

This letter is to notify you that the Missouri Department of Natural Resources reviewed Buick Resource Recycling Facility's (BRRF) Class 1 Permit Modification request, dated August 16, 2010. The request was to change Special Permit Condition VI.B.2. to read as follows "No more than three cover phases will be open simultaneously during the operating life of the landfill and the FAI shall be funded to reflect the maximum cost estimates for closure of three consecutive cover phases."

The Missouri Department of Natural Resources agrees with BRRF that this is a Class 1 Permit Modification requiring prior director approval. We are approving the modification request.

BRRF must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the date of this letter, as outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii), incorporated by reference in Code of State Regulations 10 CSR 25-7.270(1). BRRF must send a copy of the notice to the Missouri Department of Natural Resources.

If you have any questions regarding this letter, please contact Mr. George Fletcher, Environmental Engineer, of my staff at the Missouri Department of Natural Resources,
