RE: Class 1 Permit Modification Without Prior Director's Approval
       EBV Explosives Environmental Company, Joplin, Missouri
       EPA ID# MOD985798164

Dear Mr. Zoghby:

This letter is to notify you that the Missouri Department of Natural Resources (Department)
received EBV Explosives Environmental Company's (EBVEEC) Class 1 Permit Modification
notice, dated December 22, 2009. The notification was for a correction to the physical address
for the new office building and main entrance to the facility. The new address is 4174 County
Road 180, Carthage, Missouri. The correction required EBVEEC to update their Part A and
application pages that refer to the address. The Department has reviewed the Part A and
determined it to be approvable.

The Department agrees with EBVEEC that this is a Class 1 Permit Modification not requiring
prior director approval. As outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii),
EBVEEC must send a notice of the modification to everyone on their facility mailing list and the
appropriate units of state and local government within 90 calendar days after the change was put
into effect. EBVEEC must send a copy of the notice to the Department.

If you have any questions regarding this letter, please contact Mr. Richard Hock, Environmental Engineer, of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, by telephone at (573) 751-3553 or 1-800-361-4827, or by e-mail at richard.hock@dnr.mo.gov. Thank you.

Sincerely,

HAZARDOUS WASTE PROGRAM
