RE: Class 1 Permit Modification with Prior Director's Approval
EBV Explosives Environmental Company, Joplin, Missouri
EPA ID# MOD985798164

Dear Mr. Zoghby:

The Missouri Department of Natural Resources (Department) approves EBV Explosives Environmental Company's (EBVEEC) Class 1 Permit Modification request, dated March 28, 2011. The request was for the installation of two additional baghouse chambers for the Building #3 Air Pollution Control System. This modification is needed due to the faster than expected burn rate of the Multi Launch Rocket System propellant segments that has required larger Internal Diameter Fans to pull more draft from the Propellant Thermal Treatment Chambers.

EBVEEC shall notify the Department in writing at least 7 days prior to construction of the two additional baghouse chambers for the Building #3 Air Pollution Control System; and when construction is complete, EBVEEC shall comply with the Missouri Hazardous Waste Management Facility Permit dated August 20, 2009, Special Permit Condition II.S.8.a. This condition requires the submittal of new as-built drawings certified by a professional engineer registered in Missouri. The Department will notify EBVEEC of our intent to inspect these units.

EBVEEC must send a notice of the modification to everyone on their facility mailing list and the appropriate units of state and local government within 90 calendar days after the date of this letter,

as outlined in Code of Federal Regulations 40 CFR 270.42(a)(1)(ii), incorporated by reference in Code of State Regulations 10 CSR 25-7.270(1). EBVEEC must send a copy of the notice to the Department.

If you need assistance or have questions regarding this letter, please contact Mr. Richard Hock, Environmental Engineer, of my staff at the Missouri Department of Natural Resources, Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102-0176, by telephone at (573) 751-3553 or 1-800-361-4827, or by e-mail at richard.hock@dnr.mo.gov. Thank you.

Sincerely,

HAZARDOUS WASTE PROGRAM
