Dear Mr. Nagel:

Investigation of Odor Control Technologies – 2nd Quarter 2018

This Update on Odor Control Technology Investigation is being submitted by Bridgeton Landfill, LLC (“Bridgeton Landfill”) pursuant to Paragraph 27(C) of the Second Amendment to the First Agreed Order.

Bridgeton Landfill continues to execute state of the art odor control methodologies in the effort to minimize the potential for any off-site emission of odor. This has included continued investigation of new odor control technologies. In the second quarter of 2018 Bridgeton Landfill did not discover an emergent technology worthy of field testing at the site.

Sincerely,

Matt Stewart

Environmental Specialist
