SOLID WASTE MANAGEMENT DISTRICT ANNUAL REPORT

1 (a). What waste goals did the district have for the fiscal year period and what actions did the districts take to achieve these goals?

(1) Work with sheltered workshops to maintain and expand recycling services; (2) educate cities, counties, businesses and residents on 'where and how to recycle' actions; Actions: (1) Provided MORA with a conference scholarship grant to provide sheltered workshops' a chance to attend the MORA conference and enhance their knowledge and networking within the recycling community to spark new ideas and goals. Encouraged sheltered workshops to apply for grant funds for FY2020 to expand their recycling options. (2) Attended several open house events and spoke about recycling in our area. (3) Maintained communication with recycling providers to increase the knowledge of the district staff as well as gather information to pass on to community members.

1 (b). What waste goals does the district have for the upcoming fiscal period and what actions does the district plan to take to achieve these goals. Please include the types of grant proposals that will be sought for the upcoming period to assist in meeting these goals.

Goal 1: A constant goal is to increase waste diversion in our area and to educate the public on how and where to recycle. Goal 2: Establish a better social media base in order to educate the public about recycling and where to recycle their items. Goal 3: Explore options for HHW recycling in our area as the options are limited.

2 (a). What recycling goals did the district have for the fiscal year period and what actions did the district take to achieve these goals?

	GOAL:	ACTION:
1	Work with sheltered workshops to maintain and expand recycling services	Provided MORA with a conference scholarship grant to provide sheltered workshops a chance to expand their knowledge base
2	Educate cities, counties, businesses and residents on 'where and how to recycle'	Attended open house events to talk about recycling with community members.
3	Serve as a point of contact for cities, counties, businesses and residents	Communicated with members of the area when they had questions about where to recycle certain items as well as listened to concerns in order to determine what recycling needs should be addressed in the future.

2 (b). What recycling goals does the district have for the upcoming fiscal year period and what actions does the district plan to take to achieve these goals? Please include the types of grant proposals that will be sought for the upcoming period to assist in meeting these goals?

Goal 1: Work with cities and counties to educate where to recycle and what can be recycled locally and in other areas. Goal 2: Encourage grant applications to address the need for a HHW recycling program. Goal 3: Serve as the continued point of contact for recycling and update educational materials to provide to communities.

3 (a). What resource recovery goals did the district have for the fiscal year period and what actions did the district take to achieve thee goals?

Continue to enhance awareness of resource recovery. Action: Encouraging recycling in the area through being present and a consistent source of information. Leading by example within our organization by recycling and taking our items to the local sheltered workshop.

3 (b). What resource recovery goals does the district have for the upcoming fiscal year period and what actions does the district plan to take to achieve thee goals? Please include the types of grant proposals that will be sought for the upcoming period to assist in meeting these goals.

Create a social media page specifically for the Quad-Lakes SWMD and provide information regarding recycling, up-cycling and the detrimental affect not recycling can have on our environment.

8. Describe your district's grant proposal evaluation process.

This year was different due to staff changes. We held an original grant call in May but received no applications, we then re-advertised in July and received two applications. We then had to reschedule meetings twice in order to review grant applications with everything being finalized in the middle of November. In the future for FY21 grants we will create a timeline with goals in the next month. Advertise for grants in December and work with potential applications. Review the targeted materials list and make changes as necessary. Applications will be due in March and reviewed by the advisory board and approved by executive board in April for submission to DNR. In June after approval from DNR we will host the grant training and sign FAAs.
