Proposed Amendments to 208 Plan for the Lower Meramec Basin Approval
Agenda Item E1

Leasue Meyers, Missouri Department of Natural Resources, Engineering Section, presented the January 2020 Proposed Lower Meramec Basin Amendment of the East-West Gateway 208 Plan. The proposed amendment was placed on public notice January 17 to February 18, 2020. No comments were received on the public notice

Commissioner Reece asked how this amendment was different from the amendment adopted by the Commission at the July 22, 2019, meeting. Leasue Meyers explained that the revision was minor and that it was to clarify that the proposed amendment only superseded the Lower Meramec Basin portion of the 1978 Plan and it was not in conflict with the rest of the Plan. Jay Hoskins with Metropolitan Sewer District provided further explanation that at the request of legal, a sentence was added into the document stating the document did not conflict with the 1978 Plan, but that there was no change to the evaluation or the plan recommendations.

Commissioner Reece made a motion to approve the amendment to the 1978 St. Louis, Missouri Water Quality Management 208 Plan as presented. Commissioner Rowland seconded the motion. The motion passed with a roll call vote:

Commissioner Coday:	Yes
Commissioner Reece:	Yes
Commissioner Rowland:	Yes
Vice Chair Thomas:	Yes
Chair McCarty:	Yes
