Re: Chapter 8 Stakeholder Group

Dear Byron:

Thank you for visiting with me on the phone on Monday, March 3. I just had a couple of quick comments on the proposed changes to 10 CSR 20-8.140 Wastewater Treatment Facilities. First, as we discussed, you confirmed this regulation and the proposed changes thereto are not intended to apply to industrial wastewater treatment facilities. I recommend the "Purpose" Statement and applicability paragraphs clarify the regulation does not apply to industrial WWTFs.

Secondly, you confirmed that the proposed addition of the Secondary Containment regulation on page 21, under the heading section (10) Chemical Handling, Housing, Safety and Identification, does not apply to agricultural secondary containment design.

I hope to see you at the Stakeholder meeting on March 12.

Sincerely,

By:
