

Water Protection Forum  
August 16, 2011  
Follow-up Items

- Post the Environmental Protection Agency's letter on approval/disapproval of the 2009 Water Quality Standards revisions;
- Provide periodic updates on the modernization and streamlining project;
- Post documents related to current Water Quality Standards revisions when they are completed - comments, responses to comments, revised draft rule;
- Post reference to National Cotton Council v. Environmental Protection Agency lawsuit;
- Convene antidegradation subcommittee to discuss revisions;
- Further discussion with the Environmental Protection Agency on bypass provisions;
- Convene effluent regulation subcommittee before Regulatory Impact Report phase of the rule;
- Continue discussion on affordability;
- Post land disturbance general permit draft;
- Report on the Notice of Violation project at next forum meeting;
- Plan for the removal of general criteria from permits.
