Department of
Natural Resources

REVISED AGENDA

MISSOURI CLEAN WATER FORUM
DNR Elm Street Conference Center
Bennett Spring Conference Room
1738 E. Elm Street, Jefferson City, Missouri
Dec. 13, 2006
10 a.m. to 3:30 p.m.

- 10 a.m. **Welcome and Introductions**
Director's Comments
- 10:15 a.m. **Introduction to Watershed Based Decision Making**
How should Missouri be making decisions on a watershed basis? What examples can we follow and what does the future hold? EPA and DNR staff will lead this discussion.
- 11 a.m. **Site-Specific Dissolved Oxygen in Missouri's Streams**
Steve Taylor with Environmental Resources Coalition will give an update on project to help understand the role of dissolved oxygen in Missouri's streams.
- 11:30 p.m. **Lunch**
- 12:15 p.m. **Permit Assistant Demonstration**
- 12:45 p.m. **Update on 2006 Advisory Groups**
DNR staff will give updates on the progress of the advisory groups from 2006. Learn about new and emerging guidance and issues from these stakeholder workgroups.
- 2:30 p.m. **Rulemaking and Policy Agenda for 2007**
The WPP has prepared its draft rulemaking and policy agenda for 2007. What are the priority issues facing you? Here's an opportunity to let the department know what is important to you and those you represent.
- 3:30 p.m. **Adjourn**
