

**We base the *State's Approved Assemblies List* on the Approved Assemblies List published by the University of Southern California's (USC) Foundation for Cross-Connection Control and Hydraulic Research. Our agreement with USC prohibits us from posting the list to our website or distributing it en masse. However, USC has granted the State special permission for limited distribution of the list to Missouri Public Water Systems and Missouri Certified Backflow Assembly Testers. You may obtain a hard copy of this list by contacting the Missouri Backflow Prevention State Coordinator at (573) 526-6925**

**To help us comply with our agreement with USC, *do not* distribute the list *outside your organization* by any of the following:**

- **Posting the list to a website available to the public.**
- **E-mailing an electronic file.**
- **copying CD**
- **Printing hard copies.**

**Staff *within your organization* may view the list and:**

- **Print as many hard copies as needed.**

**We publish our complete list annually and may issue periodic updates upon request.**
