

## Lead and Copper Public Education Certification

PWS NAME: \_\_\_\_\_ PWS ID: \_\_\_\_\_

POPULATION: \_\_\_\_\_ MONITORING PERIOD: \_\_\_\_\_

### DELIVERY METHOD FOR PUBLIC EDUCATION MATERIALS – COMMUNITY WATER SYSTEMS

Water systems must implement three (3) activities from the categories listed below. Indicate which activities were performed.

- Public Service Announcements
- Paid Advertisements
- Public area information displays
- E-mails to customers
- Public Meetings
- Household deliveries
- Targeted individual customer contact
- Direct material distribution to all multi-family homes and institutions

The water system must submit this certification along with a list of all newspapers, radio stations, television stations, facilities, and organizations to which the water system delivered public education materials.

I certify that printed materials meeting the content requirements of 10 CSR 60-15.060 (1) concerning public education for lead in drinking water have been delivered to all bill paying customers.

Signature: \_\_\_\_\_ Printed Name: \_\_\_\_\_
