

## 4.7.4.3.1.2 Application and Review Process/Review of the Permit Application/ Technical Review/Application for Renewal of Expired Permit / General Permits/Agricultural Chemical

### **Applicability:**

This is applicable to permit renewals for Agrichemical Facilities.

### **Content:**

The following is the procedure for renewing agrichemical facility permits. These facilities are defined in 10 CSR 20-2.010(3). Permit renewal requirements are outlined in 10 CSR 20-6.010. Review of permit renewal applications is completed in the regional offices. The applicant submits Form E, the applicable fee and required maps. The regional office staff verifies the information. After review and approval, the regional office processes the general permit.
