

## 4.8 Application and Review Process/Data Entry

### **Applicability:**

Entry of application tracking and permit information into MoCWIS.

### **Content:**

MoCWIS replaced the former WQIS, CATS & FPT databases in April of 2010. MoCWIS integrates all information about a facility, permits issued to that facility, application tracking information, etc. Please refer to the MoCWIS Procedure Manual for information on data entry into this system.
