

SYSTECH INTERNATIONAL

6681 SOUTH COTTONWOOD, SUITE 1
MURRAY, UT 84107

June 1, 2007

Dear Missouri Vehicle Inspection Station Owner:

We want to take this opportunity to welcome you to the new Gateway Vehicle Inspection Program. The State of Missouri has awarded a contract to SysTech International to implement and manage the new Gateway Vehicle Inspection Program (GVIP). We are very excited to be working hand in hand with the Department of Natural Resources (DNR), Missouri State Highway Patrol (MSHP) and most importantly with you, the vehicle safety inspection station owners, in making this program a success.

It is my pleasure to introduce SysTech International to you. SysTech currently operates vehicle inspection programs in various capacities across the nation, covering all aspects of program management, equipment manufacturing, service and maintenance, inspector training and Vehicle Inspection Database services. We invite you to visit our Web site at <http://www.systechportal.com/> to learn more about our company's success in this business segment. We understand the importance of a good business relationship with you, our future business partners in the GVIP program.

Participation in the new Gateway Vehicle Inspection Program is a great business opportunity for vehicle safety inspection station owners in Missouri. The new program combines emissions testing and safety inspections and brings the emissions inspection back into your shop. Per Missouri regulation 10 CSR 10-5.381, the GVIP emissions inspection consists of an OBD-only inspection for light-duty 1996 and newer gasoline and 1997 and newer diesel vehicles under 8,500 pounds. Tailpipe testing is no longer required. Safety inspection requirements are not changing.

As part of the Gateway Vehicle Inspection Program implementation, we are inviting you, the station owner or your representatives to one of three seminars. We will serve snacks and refreshments at the beginning of each seminar. Each seminar is structured as a brief meeting with presentations by SysTech, DNR and MSHP, providing information you may need to decide if you want to participate as a GVIP station in the new program. We will allow for sufficient time for all questions and answers at the end of each seminar. You or your representative is invited to attend one of the following seminars:

<u>DATE</u>	<u>LOCATION</u>	<u>TIME</u>
June 13, 2007	Forest Park Community College at Bldg. C; Room 112 5600 Oakland Ave., St. Louis, MO 63110	6:30 pm to 8:30 pm
June 14, 2007	Forest Park Community College at Bldg. C; Room 112 5600 Oakland Ave., St. Louis, MO 63110	6:30 pm to 8:30 pm
June 21, 2007	Holiday Inn St. Louis-Southwest (Viking) 10709 Watson Rd. St. Louis, MO 63127	6:30 pm to 8:30 pm

We look forward to meeting you at one of the seminars and, should you decide to participate in the Gateway Vehicle Inspection Program, to our future business relationship.

If you have any questions concerning the seminars, please contact us at 1-866-OBD-TEST (1-866-623-8378). If you cannot attend, you may call this number for a free informational packet.

Sincerely,

Christopher J. Smith
