

**Example of Bid/Proposal**

**Environmental Consulting Services**

|                                       |          |
|---------------------------------------|----------|
| Project manager                       | \$ _____ |
| Registered Geologist                  | \$ _____ |
| Technician                            | \$ _____ |
| Site investigation report preparation | \$ _____ |

**Soil Boring/Monitoring well installation**

|                                   |          |
|-----------------------------------|----------|
| Number/depth of soil borings      | \$ _____ |
| Number/depth of monitoring wells  | \$ _____ |
| Drilling costs (soil borings)     | \$ _____ |
| Drilling costs (monitoring wells) | \$ _____ |
| Well elevation survey             | \$ _____ |

**Equipment Rental/Lease/Purchase**

|   |          |
|---|----------|
| Field equipment (PID, static water level indicator, sampling devices, etc.) | \$ _____ |
|---|----------|

**Disposal/Treatment**

|                        |          |
|------------------------|----------|
| Purge water disposal   | \$ _____ |
| Drill cutting disposal | \$ _____ |

**Laboratory Analysis**

|   |          |
|---|----------|
| Laboratory costs (unit and total costs) | \$ _____ |
| Slug test                               | \$ _____ |

**Other Costs**

|               |          |
|---------------|----------|
| Permits, etc. | \$ _____ |
|---------------|----------|

**Excavation**

|          |
|----------|
| \$ _____ |
|----------|

**Ground Water Monitoring**

|          |
|----------|
| \$ _____ |
|----------|

**Remediation Activities**

|          |
|----------|
| \$ _____ |
|----------|

**Operation and Maintenance**

|          |
|----------|
| \$ _____ |
|----------|

**Hauling**

|          |
|----------|
| \$ _____ |
|----------|

**Site Restoration**

|          |
|----------|
| \$ _____ |
|----------|

**Total Costs**

|          |
|----------|
| \$ _____ |
|----------|
