

Fee Structure Information – Wellhead Protection

Geological Survey Program Fact Sheet
Missouri Geological Survey Director: Joe Gillman

03/2014

Certification Fees

Heat Pump Certification

Closed (1-50 tons)	\$100
Closed (more than 50 tons)	\$200
Open (per system, submit on water well form)	\$ 80
Monitoring Well Certification	\$100
Water Well Certification	\$ 80
Reconstruction.....	\$ 50

If the only work performed is raising the casing, a form must be submitted but no registration fee is required.

Plugging	\$ 50
----------------	-------

This includes heat pump, monitoring well, public water well and soil borings (one form per site). All other wells are exempt from the plugging fee; however, they are subject to late fee schedule.

Late Fees – Late records for wells constructed prior to September 1, 1998

A \$10 per 3-month period with a maximum of \$60 per record will be charged for late records.

Late Fees – Late records for wells constructed September 1, 1998 and later

A fee of \$10 per month with a maximum of \$240 per record will be charged for late records.

Missouri Well Construction Rule Book

Rule books cost \$5 plus shipping.

Downhole Camera Fee

A \$375 fee will be charged to scope a well that does not meet investigation requirements.

Permit Fees

Permit fees are \$100 each for the following: heat pump, monitoring well, pump and water well (must be renewed yearly). The rig permit fee is \$20 per permitted vehicle.

Permit Late Fees – Late Permit Renewals

A 40 percent late fee will be charged to all permits if not paid by the renewal date. Permits will be cancelled if not renewed within 30 days of renewal date.

Testing Fees

All tests are \$40 for each type of test taken. Test include: general test, heat pump specific test, monitoring well specific test, monitoring well test hole specific test, pump specific test and water well specific test. All retakes are \$40.
