OTHER NAME(S)	
<p>43. HISTORY AND SIGNIFICANCE</p> <p>The original wood-fram building that stood on this site was destroyed by fire in 1911. It was replaced with a rock masonry structure between 1912 and 1917. This building still serves as an educational facility and office space. The first annex to this building was built in 1927-28. This, too, burned in 1936 resulting in considerable damage to the original building. Renovation was completed and a permanent annex was added in 1948. The current sanctuary and fellowship hall was completed in 1979.</p>		6. TOWNSHIP

43. HISTORY AND SIGNIFICANCE This house was planned by Bertha Taylor, Thayer. She had the house built in 1941. The builders were Robert Hicks, Worth, Ark.; Vernie Green, Ben Olbricht and Wellington Taylor, Thayer. In 1969 the house was enlarged and a garage/workshop was added. For a period of time the house was rent. Bertha moved back in 1969 and lived there until her death in 1989.				6. TOWNSHIP
44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS This residence is located in a residential area to the south and west of the downtown of Thayer.

A black and white photograph of the Chapel Hill Baptist Church. The building features a prominent stone masonry facade on the right side, which includes a gabled roof and a central arched doorway with a white door. A decorative sign above the door reads "CHAPEL HILL BAPTIST CHURCH". To the left, there is a lower, darker section of the building with large windows. The church is situated on a street with a sidewalk and some landscaping in front. Trees are visible in the background.

42. FURTHER DESCRIPTION OF IMPORTANT FEATURES This large one-story rectangular building has a cross-gable roof with parapets marking the significant entrances on Fourth Street and Harlin Drive. The imposing building has classical symmetry with all ornamentation confined to flat surfaces in the Moderne mode. There is a rock chimney on the east wall. 43. HISTORY AND SIGNIFICANCE This important building was constructed by the WPA in 1935. The WPA subsequently built the Ozark County Courthouse on the square in Gainesville in the Moderne style (although not of native rock). Federal relief projects made a significant impact on Gainesville during the Great Depression.	PHOTO MUST BE PROVIDED	5. OTHER NAME(S)

<p>42. FURTHER DESCRIPTION OF IMPORTANT FEATURES <b>This large rock building originally served as a garage/service station, with gas pumps under the portico on the primary (east) facade. Recently, a small porch has been constructed under the portico. The plan is cruciform, with a two-story main block oriented east-west and a one story block oriented north-south. Walls are constructed of coursed limestone with some random stone accents. Rectangular window openings have stone articulation. Windows are double-hung, wood sash, six-over-six lights. The two-story main block has commercial space on the first floor and an eleven-room apartment on the second floor. The one-story north-south block has garage doors at the north and south ends. Chilton Culbertson, son of the original owner, inscribed his name in concrete sills on the front and rear windows (main block).</b></p> <p>43. HISTORY AND SIGNIFICANCE  <b>(43.) This important local landmark was built as a residence and business for Claten and Daisy Culbertson on 13 acres bought from W.T. Tudy. The Culbertsons operated a service station and machine shop at the busy intersection of Highway 19 and the West Eminence Road (the road to Alley Mill). To supplement the family income, they kept a vegetable garden and milk cows on the property. The gas station was a Standard Oil station. Culbertson also ran a blacksmith shop on the property. This was a true family business. Daisy Culbertson did office work, kept inventory and pumped gas. At one time, the Culbertsons employed four mechanics. They raised two children, Chilton and Juanita (who later became Juanita Reary). In 1941, Claten accepted a position in the naval yard in Washington, D.C., as a machinist. There he invented an automatic milling machine to mill tracer bullets and won an award for it. He died in 1946. His daughter, Juanita, continues to live on property adjacent to the Old City Garage.</b></p> <p>44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS  <b>(44.) There is a modern rustic outbuilding on the property.</b></p>	4. PRESENT LOCAL NAME(S) OR DESIGNATION(S)	5. OTHER NAME(S)

42. FURTHER DESCRIPTION OF IMPORTANT FEATURES This simple arch of concrete construction employs rubble stone for texture. There is a stepped parapet above the wide round arch. Inscribed in concrete on the parapet is the word "Cabool". Inscribed on the arch are the words "In Honor of Our Boys" and the date 1919.	PHOTO MUST BE PROVIDED	4. PRESENT LOCAL NAME(S) OR DESIGNATION(S)
43. HISTORY AND SIGNIFICANCE This rustic World War I monument was dedicated on June 1, 1920 at its original location on the corner of Main and Cedar streets. Public donations completely covered the construction costs of \$1,000. In 1941 city officials moved the monument to its present location adjacent to City Hall. The reason for moving it was that it was considered to be an obstruction to traffic. In 1923 a Model-T Ford struck the monument.		5. OTHER NAME(S)

15. NAME OF ESTABLISHED DISTRICT		
42. FURTHER DESCRIPTION OF IMPORTANT FEATURES This stone church has a three-story-tower that projects from the primary facade to form a vestibule. Behind this tower is another three-bay projection containing two gothic arched windows. There is a modern addition connected to the church by an enclosed passageway on the south side. The tower has an entrance door with a transom light and gothic arch. Above this entrance is a round window and above this is a gothic window. The tower has a bell-cast roof surmounted by a cross. Window and door openings have stone articulation.	<div style="border: 2px solid black; padding: 20px; width: 100%; height: 100%;"> <p style="font-size: 1.2em; margin: 0;">PHOTO MUST BE PROVIDED</p> </div>	5. OTHER NAME(S)
43. HISTORY AND SIGNIFICANCE In 1930, the two Methodist churches in Licking merged. A building committee, appointed in 1936, authorized moving the Methodist Church South and placing it behind the Methodist Church North, forming a T-shaped building. Builder then removed the sides of the Methodist Church North and extended the building nine feet on each side, to form the rectangular cross-gable structure that exists today. In 1950, builders added a new stone vestibule and steeple, measuring ten feet by twelve feet by approximately forty feet high. In 1953, a new Sunday school building was erected and connected to the old church by an enclosed passageway.		6. TOWNSHIP
